

Environmental Policy

Statement

SSDM is a company with a long tradition in sign-making that has successfully operated from its Lowestoft base for more than 80 years. Specialising in high quality digital and screen printed graphics manufactured using the latest self-adhesive films and cutting equipment for vehicle livery, rail and retail applications.

We appreciate that as a result of our operations, we are responsible for permissible emissions to air, water and the generation of waste. Therefore to improve our environmental performance we have made a commitment to implement a continual improvement program to reduce our environmental impacts and to prevent pollution.

SSDM is committed to ensuring continued compliance with all relevant environmental legislation, regulations, codes of practice and other standards to which the company subscribes.

Our primary objectives to improve our environmental performance will be:

- Minimising solvent consumption and VOC emissions;
- Reducing general and hazardous waste;
- Reducing energy consumption

Specific measurable targets to achieve the above objectives have been agreed and recorded during Continual Improvement Program (CIP) meetings.

This environmental policy will be reviewed annually to ensure that the policy remains relevant to company activities.

This policy has been communicated to all SSDM personnel.

John Moore, Managing Director
